

One Centre, Many Languages!©

This project has been proudly developed by the KU St George-Sutherland Inclusion Support Agency (ISA) in collaboration with NSW Bicultural Support further supported by Bilby Publishing & Consulting Pty Ltd.

The project aims to promote and support multi-literacy inclusive practices in education and care services by encouraging educators to actively respond to the unique dynamics of their individual service and local communities including assisting to address to relevant National Quality Standards and ISA Priority groups*.

One Centre, Many Languages!© is a visual poster project that aims to build the capacity of educators to remain aware of and actively implement a range of communication systems that support the inclusion of all children. The combined use of home language words and visual communication strategies are incorporated into the project.

Educators are encouraged to gain access to this project by contacting their local KU Inclusion Support Agency or Bicultural Support.
