

ETHNIC COMMUNITY SERVICES CO-OPERATIVE

## ABOUT US

# VOLUNTEER & GROW

Volunteer & Grow is an inclusive volunteering & employment program for people living with a disability, their families and carers. We collaborate with multiple organisations to develop and maintain an inclusive work environment that provides capacity-building opportunities to people with a disability.

### For Businesses and Organisations:

You will engage with the resources of our Volunteer and Grow Program

Your organisation will gain insight and knowledge to create a more inclusive and supportive environment

### For People with a Disability:

We tailor volunteering activities and create opportunities based on needs, interests and skills.

### Families and Carers for People with a Disability:

We provide opportunities to broaden avenues for support by engaging with Volunteer and Grow program facilitators

### How can my workplace get involved?

You can become a Volunteer & Grow Partner, and receive referrals to our volunteer and job candidates. Get in touch today to find out more.
