	<p>Survival Words for Children's Services – Booklet and CD (2016)</p> <p>One of our most popular resources, this booklet and CD covers 68 community languages and assists early childhood educators to incorporate bilingual survival or key-words and phrases into their practice. Routines, songs, beloved and familiar stories, simple instructions, signage, notes and notices can be made accessible to all children and families in your early childhood education and care service by including bilingual words into everyday interactions.</p> <p>The CD allows educators to hear the audio pronunciation of each word, to further assist you in using survival words with your children and families with success.</p>	\$45.00	
	<p>Keys to Cultural Inclusion – Poster</p> <p>Each key on this poster is a lift-up flap to reveal simple but effective strategies, which encourage cultural inclusion. Made with heavy card that will last for years, it is a great way to remind educators of the key approaches to inclusion and to show families and your community that inclusion is an important part of your philosophy and practice.</p>	\$5.00	
	<p>Welcoming Bilingual/Bicultural Children and Families – Poster</p> <p>This poster has 9 lift-up flaps to reveal important ideas and strategies for welcoming CALD children and families into your service.</p> <p>Made with heavy card that will last for years, it is a great way to remind educators of simple but effective ways to help children and families from a CALD background feel welcome, and to show families and your community that inclusion is an important part of your philosophy and practice.</p>	\$5.00	
	<p>Keys to Inclusive Practice – Keys and DVD Pack (2017)</p> <p><i>Inclusion is what makes our world a better place and it starts with you, the educators and carers in our early childhood education and care services.</i></p> <p>And it isn't just about disability or multiculturalism. There is a lot more to inclusion as you will see in this great resource.</p> <p>Created in 2015 but just as relevant, if not more so, in today's political climate, this is a practical, interactive resource that educators can use as a tool to inspire reflective practice on how they incorporate inclusion as part of their daily routine, procedures, program and philosophy.</p> <p>The Keys, made of sturdy and long-lasting card, act as a visual prompt and incorporate inclusion messages and strategies for educators to help them unlock their capacity and increase their competency for inclusion from Aboriginal, CALD, Disability, Gender, Refugee and Social perspectives.</p> <p>The DVD includes 6 chapters to reflect the 6 Keys to Inclusive Practice and include excerpts from the keynote speakers and presenters at the 2015 Inclusive Practice Conference organised by ECSC, as well as interviews with participants.</p> <p>An invaluable resource to kick-start conversations with both educators and children around inclusion in your early childhood education and care service.</p> <p><i>Which Key to Inclusion will you unlock today?</i></p>	\$45.00
